Miss Ellen Josephine Joy to Wed Mr. Charles F. Cowell

The following taken from the Knoxville Sentinel, of Sept. 18, will be of interest to many Earlinton friends and relatives.

One of the most delightful and informal affairs of the early fall season was that given this afternoon by Miss Nellie Long when the engagement and approaching marriage of Miss Ellen Josephine Joy and Mr. Chas. F. Cowell was made known. Miss Long numbered in the company twenty-five girlhood friends of the honor guest. A novel contest was the diversion of the afternoon. At its close the guests were invited into the dining room where the announcement was made in a most original manner. The picture table was covered with a handsome lace cloth. In the center was a miniature telegraph station. From the doors were streamers of white ribbon decorated with pink hearts. During the serving of the luncheon the ribbons were drawn and the telegrams were delivered bearing the following message:

Mr. Chas. F. Cowell
Miss Ellen Josephine Joy

October eighteenth, nineteen hundred and eleven.

The color motif of pink and white was effectively carried out in the dainty lace course. Pink carnations and ferns formed the decorations in the dining room. While the parlor and living room were made bright with golden-rods.

Miss Joy is the lovely young daughter of Mr. James T. Joy. She is both attractive and accomplished and possesses a rare sweetness and charm of manner which have won for her innumerable friends both here and elsewhere.

Mr. Cowell is connected with the local office of the Southern railway and is a young man of sterling quality.

The wedding will occur at 9 a. m. at the church of the Immaculate Conception and Rev. J. J. Graham pastor, will officiate.

Digestion and Assimilation

It is not the quantity of food taken but the amount digested and assimilated that gives strength and vitality to the system. Chamberlain's Stomach and Liver Tablets invigorate the stomach and liver and enable them to perform their functions naturally. For sale by all Dealers.

JOHN B. ATKINSON PRESIDENT OF THE ST. BERNARD MINING CO.

Passed Over The Eternal Divide at His Summer Home in Wrightstown, N. J. at One O'Clock Yesterday Afternoon

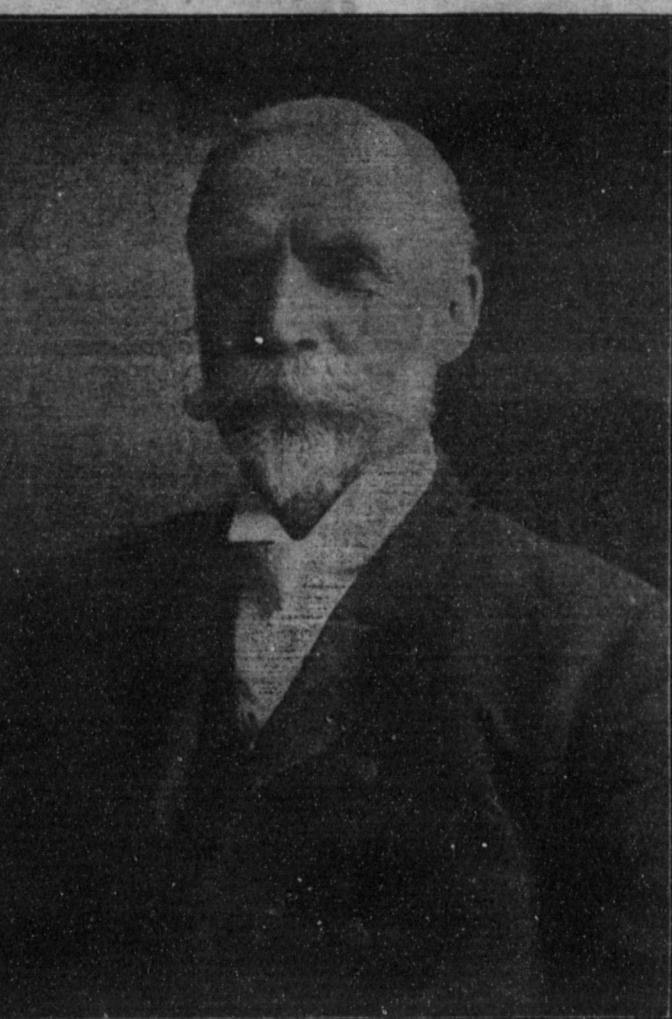

Funeral Services Will be Held There Sunday and Interment Will Take Place at West Laurel Hill Philadelphia Monday

MEMORIAL SERVICES WILL BE HELD IN THIS CITY SUNDAY

President John B. Atkinson, of the St. Bernard Mining Co. passed away at his summer home in Wrightstown, N. J. Friday afternoon at 1 o'clock. He had been in ill health for the past two years and was thought to be considerably better when he left here in the latter part of August, but on his arrival in Wrightstown, his condition rapidly changed for the worse and notwithstanding all that medical science could do, never rallied from the attack.

With Mr. Atkinson at the end, and before unconsciousness came, were Mrs. Atkinson and daughter, Nan, George C. Atkinson and Warren Atkinson, his brothers; Paul M. Moore, of Earlinton, Ky., and his sons, John Atkinson Moore and Paul M. Moore, Jr., Mr. Atkinson's grandson; James R. Rash, Earlinton, Ky., for some years one of his most trusted friends, and Dr. A. O. Sisk, Mr. Atkinson's home physician, who was called to New Jersey during the previous week.

Mr. Atkinson was born near Mullica Hill, N. J., on Nov. 11th, 1840, he was the oldest son of Geo. T. and Elizabeth Bond Atkinson. In his early life he was a school teacher and

JOHN B. ATKINSON

after having graduated from the Polytechnic Institute of Philadelphia, he was employed as civil engineer with the Erie R. R. and later during the building of the Hoosac Tunnel one of the greatest engineering feats of the period.

He came to this county in 1871 as Superintendent of the St. Bernard Coal Co., now the St. Bernard Mining Co. At this time the company was in its infancy, a small concern operating one mine and since that time under his efficient management and with the aid of officers and men trained by him has grown to its present proportions of the largest in the State, owning and operating 8 large mines and producing double the amount of coal of any other company in Kentucky.

He was a member of the American Society of Civil Engineers, Past President of the Engineering Association of the South, The American Geographical Society, Engineers Club of New York City, Pendergrass Club of Louisville, Ky., Sons of Revolution, Member of Board of Trustees State University of Kentucky, President of Kentucky Jamestown Commission and commissioned as such by Gov. Beckham. He was appointed on a great number of commissions representing Kentucky at various commercial, conservation and mining conferences.

At the first Governors conference called by President Roosevelt he was one of Kentucky's two representatives, reading a paper on Forestry before that body. Mr. Atkinson was a Pioneer in Forestry and devoted considerable time to this work, long before conservation had become a burning issue in the public mind and had caused to be planted hundreds of acres of the St. Bernard lands in trees of various kinds.

Mr. Atkinson took part in the first conference of Governors in the White House at Washington, in May, 1908, as one of the advisors of the Governor of Kentucky, the Hon. Augustus E. Willson, at which time Mr. Atkinson presented one of the most important and notable papers, "Forestry. As Related to Mining Interests."

In Gov. Willson's speech before that conference he paid Mr. Atkinson and his life work a high deserved tribute, which appeared as follows in the official proceedings.

"The oratorical product of Kentucky ended some years ago, and

STRAY ABORIGINE IN NATIVE STUNTS

M. E. Church South

The opening services at the new M. E. Church, South, will be held next Sunday morning by the Sunday School at 9:30 a. m., P. M. Moore, superintendent. This is program day and quite a number will be advanced to older classes. The primary classes will be supplied with beautiful red chairs. The collection will be a special one for the new church. Special efforts are being made to make this a banger day.

The opening sermon will be preached by the pastor at 11 a. m. Subject, "Zion the Birthplace of Souls." Evening Subject, "The Good Report." The church is a beauty, come and worship with them and "they will do thee good."

Christian Church

A program of special interest is on for the Sunday School this week. Let there be a very large attendance. F. B. Arnold Superintendent. Session begins at 9:30.

The church service will begin at 10:30 with hymn singing. This service will last one hour. The communion service will follow and those who do not wish to remain to this part of the service will be given an opportunity to retire before this service. The morning sermon will be on the subject "The Face of Jesus."

The evening service will begin at 7:30 and be introduced by a song service lasting 20 minutes. There will also be a special solo by Miss Goldie Weir. The subject of the sermon will be "The Power of God," and will be of special interest to those who love Nature as well as Revelation.

One of the best meetings now going on in the church is the meeting of the young members on Tuesday evenings, under the direction of Mrs. F. B. Arnold, superintendent. Young people will find this a pleasant and helpful place to spend their Tuesday evenings.

The mid week meeting on Wednesday evening will be led by H. I. Browning. The attendance at these meetings is large and the interest is great. No member of the church should miss this opportunity for a pleasant evening full of uplift. All invited.

Thursday evening at the Song Rehearsal where Mr. F. D. Bass leads is the best place to spend an evening in the cultivation of the

California Scientists Delighted at Capture of Uncontaminated Autochthon

SPLENDID TYPE OF PRIMITIVE MAN

San Francisco, Cal., Sept. 21.—Anthropologists of the University of California announces that they have in custody "The most uncontaminated aborigine in the known world." They have secured from him, on phonographic records, over 300 words of his scanty vocabulary with a week or so.

The man, driven from the mountains by forest fires, was caught near Oroville, a few days ago while attempting to steal meat.

"Ishi," the anthropologists call him which means "man" in the tongue of the Southern Yahi Indians, his tribe. He is more than 80 years old.

Theory of Origin of Fire

His theory of the origin of fire is in accord with the mythology of other California tribes and tribes east of the Sierras, and with that of the Greeks and Romans.

It involves a superior or supreme being, the Coyote, who stole the fire and transmitted it to the Yahis, either voluntarily or because he had to do it.

Ishi's one garment has been replaced by trousers, shirt and necktie. He refuses to remove any of them, even at night, but retains from his former estate buckskin thongs in his ears and nose. To each thong, Prof. Kroeger explained, a bit of abalone shell was attached at one time, as a religious rite. The presence of the thongs is considered essential to Ishi's well being in the hereafter.

To Big Prehistoric Ruins
Santa Fe, N. M., Sept. 6.—Excavations of prehistoric ruins of the James plateau, north of Albuquerque and west of here, began today under the direction of Frederick W. Hodge of Washington, chief of the Bureau of Ethnology, and Edward L. Hewitt, director of the School of American Archaeology at Santa Fe. Hodge has just returned from Zuni and Inscription Rock, where, together with Jess L. Nuehahn, of the school, he took impression of the many historic inscriptions that have made the rock famous and have resulted in its being declared a national monument by the President.

AFTER 7 YEARS SUFFERING

I Was Cured by Lydia E. Pinkham's Vegetable Compound

Waurika, Okla.—"I had female troubles for seven years, was all run down, and so nervous I could not do anything. The doctors treated me for different things but did me no good. I got so bad that I could not sleep day or night. While in this condition I read of Lydia E. Pinkham's Vegetable Compound, and began its use and wrote to Mrs. Pinkham for advice. In a short time I had gained my average weight and am now strong and well."—MRS. SALLIE STEVENS, R. F. D., No. 3, Box 31, Waurika, Okla.

Another Grateful Woman. Huntington, Mass.—"I was in a nervous, run down condition and for three years could find no help. I owe my present good health to Lydia E. Pinkham's Vegetable Compound and Blood Purifier which I believe saved my life.

"My doctor knows what helped me and does not say one word against it."—MRS. MARI JANETTE BATES, Box 134, Huntington, Mass.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ills, such as inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, and nervous prostration.

Gov. Wilson Quite Ill

Meredith, N. H., Sept. 19—Governor Willson, of Kentucky, has arrived here and is seriously ill. The Doctors say that there is a chance for his recovery.

Everybody is liable to "catch cold" but those who give a cold proper attention never have serious lung diseases. It is neglect that makes them serious. Prudent persons use BALLARD'S HOREHOUND SYRUP as soon as the trouble appears and the cold is cured at once. Price 25c, 50c, and \$1.00 per bottle. Sold by St. Bernard Drug Store.

Ballard's
SNOW LINIMENT

It neutralizes poisons, subdues inflammation, relaxes contracted muscles and restores healthy conditions. For healing cuts, wounds, burns or scalds, there is nothing like it in the whole list of curative agents. It cures by a mild power that is more effective than the strong, harsh liniments. When rubbed in rheumatic pains, neuralgia or sciatica, its wonderful penetrating and relieving influence is very gratifying. It is an all-around household liniment that is useful in a thousand ways and its application is always followed by beneficial results.

Price 25c, 50c and \$1.00.
 James F. Ballard, Prop. St. Louis, Mo.

A Round Trip to Evansville FREE every business day in the year

The New Plan Gives Greater Advantages Than Ever

Come to Evansville to do your shopping. The Metropolitan character of its stores gives you the advantage of selecting from much larger stocks than can be found in any other city within such easy reach—and prices are lower. Now is the time to come while the stocks of new merchandise are most complete.

The Members of the Retail Merchants will pay your fare both ways if you buy your merchandise from any or all of its members, according to the conditions specified below.

1. The Evansville Retail Merchants' Rebate Association will pay one mile round trip Railroad, Traction or Steamboat fare for each dollar's worth of goods purchased from one or more of its members, to the extent of one full round trip fare from any point.

An additional one per cent. will be paid on each dollar's worth purchased in excess of the amount required to obtain one round trip fare.

To Illustrate: A person coming 50 miles and purchasing \$50 worth of goods will get one round trip fare. A person coming 50 miles and purchasing \$75 worth of goods will get one full round trip fare and 1% on the extra \$25 and so on for any additional amount above the fare.

All the Leading Merchants of Evansville are members of The Rebate Association and the lines carried include everything for personal and household use. Come to Evansville to buy your supplies when you can have your fare paid both ways and make your shopping trip a genuine pleasure. Evansville offers so many attractions to the sightseer that you can't help enjoying the trip. For further particulars address

JOHN B. ATKINSON, PRESIDENT OF THE ST. BERNARD MINING COMPANY

(Continued from Page 1)

we are now studying strictly utilitarian phases of life. We have in Kentucky many important Coal Companies. One of those has been managed in a manner that I think in its business management and in its own foresight presents a lesson of usefulness to every State. It was mentioned here that in the production of coal it had cost about seven lives to every million tons. This company, in ten years, has produced annually 1,100,000 tons, with only one life lost. This company bought great areas of land. A State Commissioner of a great State mentioned that they had planted a million young trees. This one company has alone planted on its land one million walnut trees and about a quarter of a million locusts, catalpa and poplar or tulip trees in the past few years. (Applause) This information is from a paper, which I shall submit, by Mr. John B. Atkinson, one of my associates and advisors here, and a very useful one, who perhaps gave me the only good thought that Kentucky could bring here."

He was greatly interested in educational work and did more for this cause than any other one man in the county, the substantial school buildings of this city and the splendid educational facilities here and at other towns where St. Bernard mines are located were brought about by his efforts. He was one of the most liberal patrons of Atkinson college, of Madisonville, a splendid school for the colored people.

Although Mr. Atkinson left his family in good circumstances he was not what the world calls a wealthy man in the modern acceptance of the word. He gave large sums each year to charity and the number and extent of his every day benefactions will never be known. No worthy individual ever applied to him for assistance in vain.

His record as an employer of men is unparalleled, his universal fairness his considerate sympathy and kindness won the confidence of all his employees and as a result they were loyal and true to him and his interests. The fact that in all the years he has been connected with the company there has never been a strike or trouble of any kind is proof emphatic of this statement. Several years ago Mr. Atkinson began surrounding himself with an able corps of lieutenants, men who came from the ranks, who have grown up with the business and who under his training have learned every detail of each department, who have always worked in harmony with his master mind and now that he has passed off the stage of action are fully capable and determined to carry on the business of this great company without friction or confusion, along the lines so successfully followed by him.

He was greatly beloved by every citizen of this place and hundreds of friends and acquaintances elsewhere and his death is a distinct loss to this community. Memorial services will be held in the Temple Theatre and in new colored Baptist church Sunday morning at 11 o'clock. It is intended that the services shall occur at the same hour his funeral services are held in Wrightstown. The St. Bernard group of mines will be closed down on Saturday and for one hour on Monday during the interment all machinery will be stopped.

The funeral services will be held at Wrightstown, N. J. Sunday and the interment will take place at West Laurel Hill, Philadelphia, on Monday. Mr. Atkinson was a life member of the Society of Friends. He was preceded to the Great Beyond by his son John B. and daughter Mary A. Moore children of a former marriage and is survived by his wife Mrs. Anna N., and four year old daughter Nan, his brother Geo. C. Atkinson, of this place, and Warren Atkinson, of New Jersey, two grandsons John A. and Paul Moore, Jr., sons of Paul M. Moore, all of whom were with him when the end came.

Madisonville Notes

BY AILEEN DAVIS.

Misses Parish Entertained

Misses Maude and Nina Parish delightfully entertained a host of their friends Wednesday night to a little social consisting of various games such as "wink", "Bring Back What You Borrowed", "Laugh and go Foot" and etc. At the close of the games the hostess passed the waiters of grapes and bananas and the guests all helped themselves to some mighty good lemonade. All of the guests departed at a late hour saying that they had a lovely time. All of the guests pronounced the Misses Parish as being delightful entertainers.

The Elks will give a dance at the Home Friday night, which promises to be a nice affair. Trap drum and piano will furnish the music.

Safety in Aviation

The upper side of a dirigible balloon built for the British navy has been coated with aluminum dust to reflect the sun's rays and lessen the effect of their heat on the gas it contains.

Earlington vs Madisonville

If you want to see one of the classiest games of ball ever played on the local lot, don't fail to see this game. Madisonville has secured the services of Forest Myers, the phenomenal wonder of the Central League, to pitch for them, with the team strengthened by Stone, Cummings and Givens brothers. The county seat athletes expect to give the locals a tight game, but the lads have secured Fay and Davis and will make them scratch dirt. These two towns have been athletic rivals ever since they knew what base ball meant, so there will be some doings. Game called at 3:30 promptly. Lineup for Earlington as follows: Davis, c; Fay, p; T. Peyton, s; L. Peyton, 1st b; B. Wilson, 2nd b; P. King, 3rd b; A. Gribble, lf; J. Long, c; S. Graham, r.

The Madisonville team will have the stars, Stone, Givens, Myers and Cummings in their line up.

As usually treated, a sprained ankle will disable a man for three or four weeks, but by applying Chamberlain's Liniment freely as soon as the injury is received, and observing the directions with each bottle, a cure can be effected in from two to four days. For sale by all Dealers.

Explosive Demonstration

The Du Pont Powder Co. will give a demonstration of the use of explosives on the Dulin farm near Madisonville on 7th and 9th of October, beginning at 10 a. m.
